SUMMER RECAP

We are so proud of our Lott Students for dedicating their summers to service and additional learning. From studying abroad to living in DC, check out what these students did during their time away from Oxford!

“I was humbled to be selected to serve in the summer 2019 White House internship program under the Domestic Policy Council. The experience was truly once in a lifetime as I got to learn and serve for 3 months in Washington, D.C. This administration works so hard for the American people and I was amazed to see how dedicated everyone was to their jobs. I’m so grateful to the Lott Institute for preparing me for such an amazing opportunity!”

“This past summer I attended the Henry Clay Center for Statesmanship College Congress. Students from all states came together to work on a policy problem from the perspective of a specific ideology. We then traveled to Washington, D.C. to present our policy findings. During the last half of the summer, I interned with the McLean Institute through their MPartner Internship. I was partnered with the community of Charleston, MS and helped them with revitalization projects. Both of these experiences were truly amazing and taught me how to truly be an advocate through service.”

“This summer, I interned with Delta Health Alliance, a non-profit that promotes healthy living and education in the MS Delta. I was an assistant 6th grade teacher in Leland, MS at a summer enrichment camp. This experience was especially helpful for me because I’ve recently been accepted into Teach For America so next year I’ll be a full-time teacher. I loved my time in Leland, and I hope I get to work with Delta Health Alliance again!”

“This summer I traveled to the Czech Republic to study at Charles University. Prague is an incredible city, and studying there for the month of July was such an enriching experience. This opportunity enabled me to learn and experience a culture very different from my own. The people, history, and architecture are all unique and have so much to offer. I feel as if I made the most of the experience and know that I grew, both inside and outside of the classroom. I highly recommend checking out Prague!”

“My time abroad this summer in Innsbruck, Austria was amazing! I was there for 6 weeks and I got to see 5 different countries. Austria was a great home base with beautiful scenery that is truly breathtaking! I will never get over the view from my classroom! Anyone that is considering study abroad should definitely look into Innsbruck, Austria and the program through UNO New Orleans!”

Have you been chosen for an awesome program or internship? Do you want to share that recognition and experience with other Lott students? The Lott Newsletter would like to showcase students in each edition of the newsletter! If you’re interested, email your name, year, a short paragraph, and some photos to lottpublicrelations@gmail.com!
The following students have been chosen to serve as Advisory Board Members or Ambassadors for the 2019-20 School Year. The Advisory Board is in charge of promoting Lott students’ voices and providing them with additional experiences outside of the classroom. Our ambassadors introduce the Lott Institute to incoming freshman and guide them through their admissions process. We are so excited to work with these students throughout the year!

Senator and Mrs. Lott Attend Lott Reception

On September 6, 2019, Senator and Mrs. Lott joined faculty, students and friends in Bryant Hall for their annual reception. Students got to connect with mentors and other peers while also meeting Senator and Mrs. Lott. We are so thankful for all that Senator and Mrs. Lott do for us and look forward to seeing them in the future!

Ole Miss Ambassadors
The following Lott Students were named as Ole Miss Ambassadors. We are so proud of them and know they will represent the University well:

Joe Caplis
Cady Cooper
Ella Endorf

Debate Team Results
The debate team recently competed in The Hollatz Debates at Wheaton College. Of our 7 University teams that competed, three UM Teams placed in the Top 10.
The teams of J.R. Rojas and Atticus Nelson, and Spencer Heitman and Olivia Kemp made it to the finals. Atticus Nelson placed 1st in speaking, with Olivia Kemp and J.R. Rojas taking 6th and 7th in this category respectively.
